

# Ashley VS Distraction

(Velvet Wells, August 1, 2020)

This is a distraction  
From Ashley VS  
Will be right back

Let's talk about the emojis for a second  
Aren't they cute?  
I wish I could have even more of Pancake  
And complete the whole suite,  
I mean the suite, cuz they sweet. I think they're neat  
Just look how cute they are  
There's should be at least a hundred  
Pancake should-a be a star

And when it comes to the games  
I think there should be one for each of them  
Pancake dressed up for Apex Legends or Red Redemption  
Or any other game that Ashley's playing  
I hope the future will see  
A whole suite of Pancake e-mo-o -o-o-o-o-jis

This is a distraction  
Don't think I'm serious  
Though I wouldn't complain  
If she shared a new Pancake emoji  
When she, oh comes back again  
Forget talkin smack  
Jump scare attacks  
The game itself - who care's bout that?  
When there's a future world  
Filled with Pancake emojis

This is just distraction  
From the fact that Ashley's gone  
Oh she'll be right back  
Oh it won't be long
